

JOB POSTING

Job Title: Seasonal Animal Care Specialist I
Status: Part-Time, Seasonal through Labor Day
Number of Positions: 2

Classification: Non-Exempt
Reports to: Associate Curator of Marine Mammals and Birds

Description

Reporting to the Associate Curator of Marine Mammals & Birds, this position shall provide a supportive role in the operation and function of the Marine Mammals & Birds Department, with final authority in such matters remaining with the Director of Animal Care.

Essential Responsibilities

- Responsible for assisting with the daily care, behavioral conditioning and health and welfare of the marine mammal and bird collection including the Aquarium's harbor seals, grey seals, California sea lions, and Humboldt penguins.
- Play a key role in maintaining the highest standard in the areas of husbandry, diet preparation, record keeping, and animal observations
- Provide support to senior training staff and to play supportive roles of daily p, guest interactions, and other programs as applicable.
- Assist in food preparation, environmental enrichment, facility/habitat maintenance, accurate record keeping, medical/husbandry procedures and animal observations.
- Possess a strong knowledge of pinniped and penguin history, individual animal histories and husbandry
- Maintains established criteria for all existing behaviors with the entire marine mammal and bird collection
- Recognize signs of aggression and be aware of safety protocol for each respective species of the marine mammal and bird collection
- Uphold USDA standards in all areas of operation including commissary, animal areas, laboratory, freezers/coolers, and medical facilities
- Perform basic water quality and life support procedures of marine mammal and bird exhibits
- Be aware of animal handling techniques to ensure the well being of the marine mammal and bird collection
- Perform other duties as assigned by management

Requested Requirements

- Preferred: College degree in biology, psychology, or related science
- Previous experience of behavioral conditioning with marine mammals and birds
- Must be able to demonstrate a proficiency in public speaking and guest interaction
- Must be able to work on a team as well as function individually with little supervision when necessary
- Preferred: ability to pass swim test which includes but not limited to minimum requirements for treading water, breath holding, and free diving
- Must be able to work a flexible schedule to include weekdays, weekends, evenings, and holidays

Working Conditions

- Must be able to lift and carry fifty (50) pounds, work on un-even and slippery surfaces, withstand temperatures of hot and cold, and sit/stand for long periods of time when necessary

Salary Range

\$16.00/hour

To Apply

Please send resume and cover letter to kdaloise@aquariumofniagara.org. Be sure to include Animal Care Specialist I in the subject line of any correspondence.
